SHORE LINE ELECTRIC.
RAILWAY LOSES CASE.
Must Give Up Right of Way to North Branford Quarry.

Judge Holcomb of the superior court granted a motion in New Haven on Friday for judgment in accordance with the ruling of the supreme court, in the suit of the Erie R. R. Co. against the Shore Line Electric Railway company, Frederick L. Ford, George Ford and others, and by this ruling Mr. Ford won his two year fight for a right of way over the Ford property in North Branford desired by him for the operation of the Branford steam railroad between Branford and a North Branford quarry.

It was represented in the case that Mr. Ford has previously secured right of way, but that subsequently the property was transferred by the Fords to the Shore Line electric railway, which began laying tracks on the right of way claimed by Mr. Ford. By the action of the court Mr. Ford can proceed with his railroad and quarry work.

Activity of the Association About Connecticut.
One of the most important meetings in the interest of the state association was the one held recently in Hartford by the committee on revision of by-laws and he committee on application of chambers of commerce for affiliation. These matters were given thorough discussion and the composite committee prepared a draft of the necessary changes and will submit them to the next meeting of the state board of directors. The members of the committee are F. E. Sande, Meriden; Elbridge Gerry, Danbury; W. A. Howell, Rockville; Frank H. Smith, Norwich; W. C. Norris, Winsted; E. W. Pease, Hartford; E. P. Jones, Winsted, and President Frank H. Johnson.

The following dates are announced for association banquets: Norwich, Feb. 10; Rockville, Feb. 10; Wethersfield, Feb. 10; New Britain, Feb. 11, and the state association at Hartford, March 10.

At its last meeting the Shelton association had an interesting discussion of the proposed mutual insurance company and the necessity of safeguarding savings deposits.

Although the Bloomfield association is one of the younger ones in the state, it is a hustler and is going to have a "get together" and expansion meeting on the evening of Feb. 11. The state officers are expected to attend and assist in booming the organization.

Tickets for the annual banquet of the state association to be held in Hartford March 10 are being taken up rapidly, and the committee is considering the advisability of opening up the regular dining room of the Hartford club, which will accommodate 150 in addition to the 375 who will be seated in the main banquet hall.

The Willimantic association is interested in a project for another agricultural fair association in that city. There is a strong sentiment in favor of having a fair in the third city every year. Merchants, manufacturers and the public in general feel that it will be a benefit to the city.

The Ansonia Business Men's association has elected A. C. Christensen president for the coming year. The annual banquet of the association will be held in the Ansonia after dark on the evening of Thursday, April 17. The committee in charge will endeavor to make this the best banquet ever held in Ansonia. A list of good speakers will be secured.
